

Lower Your Repair Bills!

How does it sound to save money by simply referring new customers to our business? In the "Our Vision" portion of our website it says that our best method of advertising is word of mouth. We would like to give you something for your support. By doing so you will receive \$10 of credit toward your future repair bills with us for every new customer you refer. There is no limit to the amount of credit you can accumulate. There are only a few items that must be done in order to get your credit.

1. Fill out a coupon and give it to a person of your choice.
2. Recommended customer must be new.
3. Recommended customer must present the coupon to us.
4. Recommended customer needs to spend a minimum of \$50. (This does not have to be all at once)

These are the only items that need to be completed. Once these are completed a credit certificate will be sent to the email address you provided on the coupon for each new customer that meets the requirements.
